

10/11-093 CONSIDERATION/ACTION – Celerity Sirius Charter School Proposal

Final Conclusion and Recommendation

Celerity has a good track record of operating quality educational programs and has provided the District with proposed educational program that would provide substantial educational benefits to students and parents with select instructional programs. There are some weaknesses in the petition but these weaknesses can be overcome. Celerity appears to have to be compatible and complementary to some of the programs that we have in our District and they deserve consideration.

The staff, at this time, recommends Conditional Approval of the petition subject to specific terms and conditions.
