**PARTNER INFORMATION PACKET**  
**FILL OUT [SURVEY](#) HERE**

Thank you so much for partnering with Compton Unified School District. We look forward to your participation in our Second Annual STEAMFest. Attached you will find all of the pertinent information to help you engage with participants and enjoy your day. Please take this short [Partner Survey](#) so that we can plan for your partnership.

**What is the Compton STEAMFest?**

Compton Unified School District will be combining several events including GATE Workshops, Science Fair and the School Technology Showcase contest into one celebration: *The Second Annual STEAMFest* will bring the world of STEAM education to life for over 5,000 students, parents, educators and community members as they discover the exciting career pathways, projects and special programs offered by CUSD.

**What is a partner's role at the STEAMFest?**

STEAMFest community partners play a critical role in making the event fun, informative, accessible and welcoming for all participants. "Hands-on Activity" partners will engage and inspire students, parents, educators and other community members at booths designed to highlight the potential of STEAM education and career pathways. The interactive projects, games and crafts presented by our partners show students that through STEAM education their imagination is the only boundary to transforming our world. Our "Cuisine of Compton" partners make the whole event possible by providing tasty samples to the nearly 5,000 people in attendance. Local restaurants that participate highlight their community involvement while showcasing the signature dishes available at their establishment.
